General Admission Requirements for New Students

- ❖ The applicant must hold a high school diploma or its equivalent from inside or outside the Kingdom.
- ❖ No more than five years must have passed since the applicant obtained the high school diploma.
- ❖ The applicant must not have any health issues that would prevent study or professional practice.
- ❖ The applicant must not have been dismissed for academic or disciplinary reasons from any university or educational institution. If the submitted information is found to be incorrect, admission will be cancelled.
- ❖ A General Aptitude Test score is required for all applicants. For health, engineering, and computer science majors, the Achievement Test is also required.
- ❖ Applicants who are currently employed will only be accepted with an official secondment order from their employer.

Admission Requirements for the College of Engineering – Electrical Engineering Program

The applicant must have a minimum composite score of **76%** with a high school diploma in the science track.

The composite score is calculated as follows:

High School GPA	General Aptitude Test (Qudrat)	Achievement Test (Tahsili)
30%	30%	40%

All applications are submitted electronically via the following link:

<https://www.rbu-admit.edu.sa>

Continuation Requirements for the First Year – Electrical Engineering Program

To remain enrolled in the chosen major after the first year, students must:

- ❖ Successfully complete all first-year courses.
- ❖ Achieve a minimum cumulative GPA of **3.00**.
- ❖ Attain a minimum English language GPA of **3.50** by the end of the first year.

According to the powers granted to the faculties by the Eleventh University Council Meeting (Topic 4) for the academic year **2024-2025**, the continuation criteria for all undergraduate engineering programs after the first year are as follows:

- ❖ Successfully complete all first-year courses.
- ❖ A minimum cumulative GPA of **2.75** out of 5.00.
- ❖ A minimum IELTS score of **3.0** or an approved equivalent.

Note: Postponement or withdrawal is not permitted for first-year students, except under compelling circumstances approved by the University Academic Affairs Committee.

Admission Requirements for International Students

The admission requirements for international students applying to the Electrical Engineering Program at the College of Engineering, Shaqua University are listed as follows:

- ❖ The admission requirements applicable to Saudi students at the university apply to foreign scholarship students.
- ❖ Applicants must be at least 16 years old.
- ❖ Applicant must hold a valid passport with at least six months of validity from the date of entry into Saudi Arabia.
- ❖ The applicant's country of residence must be outside Saudi Arabia (i.e., they must not hold Saudi residency).
- ❖ The secondary school certificate obtained by the applicant must be from institutions outside Saudi Arabia.
- ❖ The applicant must not have received another scholarship from any educational institution in the Kingdom.
- ❖ The applicant must not have been dismissed from any educational institution in the Kingdom of Saudi Arabia.
- ❖ Certificates and identification documents must be authenticated by the Embassy of the Kingdom of Saudi Arabia, or the cultural attachés in the applicant's country.
- ❖ The applicant must pass the medical examination determined by the university.
- ❖ The university may require letters of recommendation for the student from one of the institutions or references acceptable to the university.

Note: All applications can apply through the Study in Saudi Arabia platform via the link:
