KSA Scholar (Pure)

2022

AGENDA

- KSA Scholar Overview
- Registration Process
- Actions
- Support
- Open Discussion

Overview

Why KSA Scholar ?

- ❖ **KSA Scholar** is a Research Information Management (RIM) System.
- ❖ Allows researchers to bring up their research & collaboration into a cohesive platform.
- ❖ Retrieves data of researchers from communally used global databases through **Scopus**.

KEY CONCEPT

- Every active researcher associate with Saudi public university will become a **KSA Scholar** user
- Let the researcher and organization keep track of their own publications & output.
- Uniquely identify a researcher based on **Scopus ID**
- Link researchers and their **Scopus ID**, and synchronize profile, publications, and collaboration into KSA Scholar

What can KSA Scholar do for universities\researchers?

Capture & reuse data

Validate & certify data

Profile researchers

Identify experts & fundings

Report on everything

Analyze & track research progress

Monitor the research grant lifecycle

Showcase & collaborate

REGISTRATION PROCESS

University gathers **researcher's** data in order to register them in the system

REGISTRATION PROCESS

researcher will receives notification email
from (*purehosted@atira.dk) contains access
information for login

* temporary email address

REGISTRATION PROCESS

Researcher profile should reflect the research that you are involved in as well as the outputs and impact of that research.

Responsibilities

RESEARCHER RESPONSIBILITIES

- ✓ **Maintain & Verify Uploaded Scopus ID.**
- ✓ **Keep profile accurate and updated.**
- ✓ **Manage Publication, Activities, Prizes and Press\Media.**
 - *Scopus Automated publication Retrieval (Highly recommended)*
 - *Manual publication Upload (Not Recommended as it needs to go through approval process)*
 - *Publication File upload (Not Recommended as it needs to go through approval process)*
 - ❖ *It is important to note that option number 1 “Scopus” is the only ideal option, which is retrieved without authentication process*
- ✓ **High availability & collaboration during the project with university Admins (to avoid account deactivation).**

Researcher's profile important fields to be filed:

- ☐ *Personal Identifications*
- ☐ *ORCID (To have a link to ORCID)*
- ☐ *Picture*
- ☐ *Add links*
- ☐ *Profile information*
- ☐ *Education & Qualification*
- ☐ *Contact information*

Researchers Support

LEVEL OF SUPPORT

- Maintained by university admins, to support researchers demand.
- (add university support email)

Actions

ACTIONS

- University to share the Researcher User manual for more details
- Researchers to login into KSA Scholar, and fill their profiles and verify their Scopus ID

User Manual

Q & A Session

THANK YOU
