

## College of Nursing - Dawadmi

Programs Name: Bachelor Of Science in Nursing	Course Code: MEDI 1301
Course Title: Medical Terminology	Credit Hours: 3 (2+1)

### Course Description

This course enables the student to become familiar with many components of a medical term and how to break down a medical term by simply knowing the meaning of the prefix or suffix. Medical terminology is a consistent and uniform language used by health professionals throughout the world such that students can work out some terms based on a given meaning and analyze given terms into their component parts.
